Telling brand stories through engaging content and strategic communications.

Post 1:

Can one life lesson change your whole life?

Well, in my case, it did.

When I was a kid, my father taught me a lesson. This lesson helped me build my company, helped me scale the Amazon Stores of my Clients, and it's helping me right now expand my business as well...

One day, I was playing, and he asked me to sit beside him. And asked me a question: "What's the formula to be successful in any matter of life?"

I was silent; how could I have known the answer to this huge question...

He said, well, there's this formula having 4 steps:

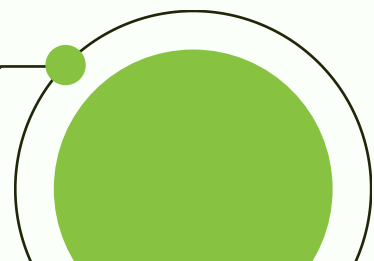

Simply follow these 4 steps, and you will be successful.

I had this in my mind all the time. Thinking about it every day. Applying it in every matter of my life.

AND IT WAS WORKING ALL THE TIME...

Social Media

Recently, I scaled an Amazon Store for one of my clients; when I tracked back the steps I followed, I realized my subconscious mind was following the formula my father taught me.

01
Step

→ I first asked my client to define his success; it was beating the competitors.

02
Step

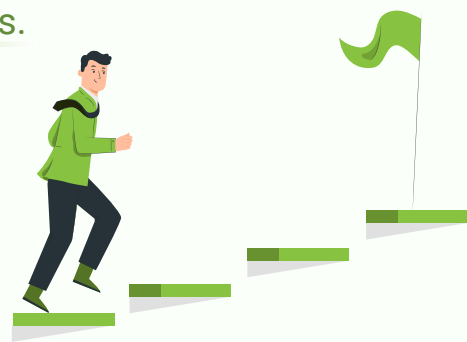

→ I started gathering the data by first conducting market research; there, I discovered that competitors are ranking on a few high search volume keywords and generating a lot of sales from them. I thought this was where my client should be ranking.

Drawing on my experience, I knew to maximize the number of sales of Amazon stores, we need to maximize the exposure of Amazon listings on the first page. I also knew if I got sales on a particular keyword, Amazon would start improving its listings rank on that keyword.

03
Step

→ Using all of this data, I devised a plan; the plan included starting with Exact Match Sponsored Product ads targeting keywords with High search Volume where competitors are ranking. Which will instantly generate sales, and listing rank will also improve.

Once the listing gets ranked on the first page, use Sponsored Brand Ads. Alongside Sponsored Product Ads. In this way, our Amazon listings will be everywhere on the search result page. And the store will be generating the maximum number of sales.

One the top before listing grid because of Sponsored Brand Ads

At the start of the listings grid because of Exact Match Sponsored Product Ads

Between the listings grid because of organic rank.

→ I simply followed the plan, and it worked.

Result:

Ultimately, the store generated Millions of sales.

It doesn't matter what type of success you are after.

Just Follow This Four-Step Formula; I bet if you follow all the steps the right way, you will be successful...

Post 2:

THIS IS HOW YOU INCREASE SALES ON AMAZON USING PPC.

Key Points:

- ➔ Identify 4 or 5 keywords with high search volume.
- ➔ Run PPC campaigns on these keywords in exact match campaigns.
- ➔ Aim to get the sponsored ranks onto the first page.
- ➔ As these keywords are relevant, ensure good reviews on our listings.
- ➔ Start getting conversions on these keywords to boost organic ranks.
- ➔ Increasing organic ranks improves overall exposure to our listings.
- ➔ Avoid broad targeting as it lacks scalability.

Your Guide For Engagement rings selection and use:

Overview:

Our modern Engagement rings are love's true sparkle, and Lumijé's collection embodies this spirit with every piece. From elegant Kimberly to the stunning Gabriella, each ring is a masterpiece of passion and commitment.

Crafted with ethically sourced diamonds and set in exquisite 14K white gold, our rings echo 60 years of expertise. Your purchase not only celebrates your love story but also contributes to sustainable practices and supports Lumijé's partnership with Bpeace.

This initiative helps empower women entrepreneurs in areas facing adversity, making your engagement ring a beacon of hope and positive change. With Lumije, your engagement ring is not just a jewel but a lasting symbol of love, commitment and positive impact in the world.

Our Top Picks:

With over 60 years in the diamond industry, we've honed our expertise to deliver nothing but the finest. Our long-standing tradition is your assurance of unmatched quality and trust.

1. KIMBERLY

The Kimberly ring, a symbol of timeless elegance, features a GIA-certified round brilliant diamond set in lustrous 14K white gold. Customizable to your preferences, it's the perfect expression of love. Its triple-excellent grade ensures a sparkle that captures every eye, making your engagement truly memorable.

2. SOPHIA

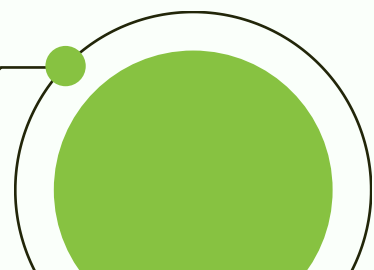

Sophia encapsulates sophistication in every detail. Adorned with a GIA-certified round brilliant diamond, this round engagement ring is a testament to our commitment to quality and ethical sourcing. The option to customize its size, color, and setting makes Sophia not just a ring but a personal love story set in 14K white gold.

3. TAMAR

Tamar, a classic yet captivating choice, is highlighted by its GIA-certified round brilliant diamond. This round engagement ring minimum G-H color and SI clarity ensure a stunning display of craftsmanship. Choose Tamar for its blend of tradition and exceptional quality, custom-made to reflect your unique bond.

4. GABRIELLA

Gabriella offers versatility and elegance, accommodating any diamond shape of your choice. Its GIA certification guarantees authenticity and excellence. Set in 14K white gold, Gabriella is not just simple engagement ring but a symbol of a lifetime commitment crafted to perfection.

Understanding Your Ring Style

Identifying Ring Personality

Kimberly:

A symbol of classic baguette engagement ring, with its round brilliant diamond, is the epitome of timeless beauty. Its GIA-certified stone and 14K white gold setting make it ideal for those who cherish traditional sophistication.

Sophia:

The Sophia exudes a refined charm, perfect for those who appreciate the finer details. Its round, brilliant diamond and impeccable triple-excellent grade reflect a blend of grace and quality.

Tamar:

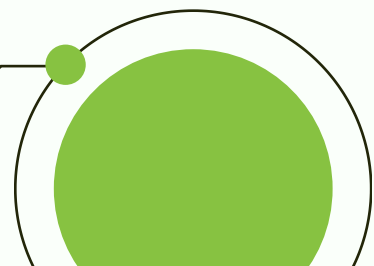

Tamar stands out with its unique blend of simplicity and splendor. The round brilliant diamond, set in 14K white gold, speaks to those who seek a harmonious balance of style and substance.

Gabriella:

Versatile and captivating, the Gabriella accommodates any diamond shape, making it a favorite for those who love customization and individuality. Its flexibility in design caters to a wide range of tastes.

Adriana:

Adriana is a testament to modern elegance. Suitable for any diamond shape, it's crafted for those who desire a contemporary twist on classic luxury.

Marcelle:

The Marcelle's adaptability to any diamond shape makes it perfect for those who value both tradition and modernity. Its design marries classic allure with contemporary fashion sensibilities.

Matching Your Style

To harmonize your ring with your personal style, consider the balance between the ring's design and your wardrobe. For instance, the classic Kimberly pairs well with elegant and timeless pieces, while the versatile Gabriella complements a more eclectic and modern wardrobe.

Complementary Accessories

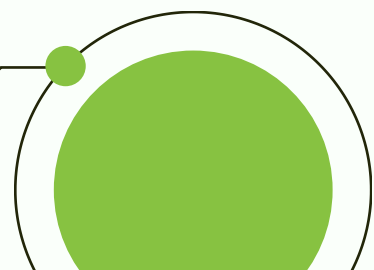

Choosing the Right Accessories

- 🔑 For Kimberly and Sophia, consider diamond stud earrings or a delicate diamond pendant to maintain elegance.
- 🔑 Tamar pairs beautifully with sleek, geometric-shaped bracelets and necklaces.
- 🔑 Opt for bold, statement earrings or layered necklaces with Gabriella and Adriana for a modern look.
- 🔑 With Marcelle, try mixed metal bangles or minimalist necklaces for a chic, contemporary style.

Choosing the Right Accessories

- 🔑 Experiment with rose gold or platinum accessories to add a twist to the traditional 14K white gold setting.
- 🔑 Combine different textures, like matte and polished finishes, to create a visually appealing contrast.

FAQs:

Below is our list of questions and answers for your [frequently asked questions](#).

What Makes Lumijé Engagement Rings Unique?

Lumijé modern engagement rings are crafted with 60 years of industry expertise, ensuring each piece embodies sophistication and quality. Our direct mining relationships enable us to offer ethically sourced, [GIA-certified diamonds](#) set in eco-friendly 14K white gold. Our commitment to sustainability and ethical sourcing sets us apart in the fine jewelry market.

How Do I Customize My Lumijé Engagement Ring?

To customize your ring to your unique preferences, we offer a [free virtual](#) consultation. Here, you can select from various diamond sizes, colors, clarities, and settings beyond our standard 14K white gold. Our experts will guide you in customizing your perfect ring, ensuring it meets your desires and Lumijé's high standards.

What is Lumijé's Policy on Returns for Custom-Made Rings?

Custom-made items, such as engagement rings and any other specially sized or engraved pieces, are not eligible for returns due to their personalized nature. Our aim at Lumijé is to craft jewelry that you'll cherish for years, and we strive to exceed your expectations with every piece. However, for non-custom domestic orders, we do offer a [14-day money-back guarantee](#). This policy applies to standard items that haven't been customized or made to order.

If you have any questions or need assistance regarding your custom-made ring, we encourage you to reach out to us for support. We're committed to ensuring your satisfaction and are here to help with any concerns you may have.

How Does Lumijé Ensure the Ethical Sourcing of Diamonds?

We prioritize ethical sourcing and transparency. Our diamonds are sourced directly from renowned mining companies, adhering to strict ethical standards. Each diamond is GIA-certified, guaranteeing not only its quality but also its conflict-free and sustainable origin.

What is the Shipping Time for Lumijé Engagement Rings?

Your custom-made Lumijé engagement ring will typically ship in approximately 14 days. This timeframe allows us to craft your ring with the utmost care and precision, ensuring it meets our high standards and your personal specifications.

What ring sizes do you have?

Choosing the perfect ring size is super important for that snug and comfy fit.

Here's a quick DIY way to measure up at home:

- 1 Get a String or Paper: Use a 6-inch piece.
- 2 Wrap & Mark: Loop it around the base of the finger and mark where it meets.
- 3 Measure It: Lay it flat and measure the length in millimeters.
- 4 Find Your Size: Match it to the U.S. ring size chart.

Can't decide between sizes? Go a size up for a better fit. And hey, if you're still unsure, give us a shout. We're here to help you nail that size, no sweat!

MANAGINGSEO

Bonus Tip:

Fingers can be moody, changing size with temperature and stuff. So, measure a couple of times to get the average right.

What are the four Cs for engagement rings?

These four Cs stand for the cut, color, clarity, and carat, and the terms are related to the metals of your engagement ring (white gold and diamond).

So, **for example**

Cut: A diamond cut means how well a diamond's facets interact with the light in the form of a ring.

Color: The color means the color of the diamond pieces in a ring.

Clarity: Diamond clarity is the measurement of the purity and rarity of the stone graded by the visibility of these features under 10-power magnification. A diamond stone is regarded as flawless if under 10-power magnification. And this also means that the internal flaws and external imperfections are not visible to the stone.

Carat: A carat is the unit of measurement for the physical weight of diamonds. One carat equals 0.200 grams or 1/5 gram and is further divided into 100 points.

Do you know your child's reading level?

Body:

Hi Kathy,

Do you know if your child is reading at an advanced level like Isabella?

Isabella is three years old.

She is quite amazing.

She is very advanced for her age.

Everyone says so.

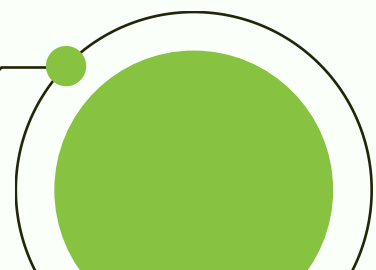

Whenever she talks, people are impressed with her advanced vocabulary.

Most people wonder how she got to be so smart for her age.

When they learn that she read over 267 books last year, they practically fall off their chairs!

Email marketing

MANAGINGSEO

However, when you think about it, it all makes sense.

If you read 267 books in one year, you are going to have an extensive vocabulary.

If you have a large vocabulary, you are going to sound smart.

When you sound smart, people will stop and listen to you.

This brings us back to Isabella.

How did Isabella manage to read 267 books in just one year?

I will explain in a minute, but here's the amazing thing...

Isabella isn't some child prodigy or baby Einstein.

She wasn't born with some advanced brain functionality.

Isabella is just a normal three-year-old girl.

Many children have come before her. Many have followed her. They are all on the same journey to expand their vocabulary through reading.

Here are other three-year-olds with an impressive book count...

- 1 Jose read 443 books!
- 2 Maria read 411 books!
- 3 Thomas read 489 books!
- 4 Rita read 149 books!
- 5 Lucas read 133 books!

I will spare you the long list, but isn't that amazing?

All those books are read by such young children.

We think it is.

MANAGINGSEO

Would you like to know how these amazing children are able to read so many books in just one year?

Here's the secret.

It's all part of our mobile learning app called [name redacted]

This mobile app can be used on all mobile devices and tablets.

[name redacted] evaluates your child's vocabulary and reading level.

After [name redacted] has evaluated your child's reading level, the app creates a custom curriculum for their reading and vocabulary.

This curriculum will encourage your child to read more and learn more vocabulary in a fun and exciting new way.

Can you imagine what your child's vocabulary would be like when she reads over 260 books in the next year?

It's not hard to imagine with [name redacted]. Click here or below to get your child started on a life of being smart with an advanced vocabulary.

What happened when these 2 mothers met in the park?

Body:

Hi Kathy,

Recently, two young mothers met in a spacious green park in their neighborhood. On this beautiful summer day, these two young mothers realized how much they had in common.

- ✓ They both had three young children—the youngest being 8 months old.
- ✓ They both loved taking their children to the park.
- ✓ They both believed they were raising their children in the best way possible.

They were very much alike—these two women.

But there was a difference.

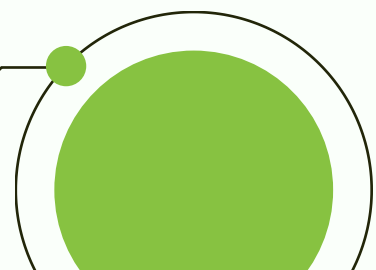

One had a daughter reading at two grades higher than her schoolmates.

The other had a daughter reading at two grades lower than her schoolmates.

What made the difference?

Have you ever wondered how some children can read at an advanced level while other children fall

Hi Kathy,

Recently, two young mothers met in a spacious green park in their neighborhood. On this beautiful summer day, these two young mothers realized how much they had in common.

- ✓ They both had three young children—the youngest being 8 months old.
- ✓ They both loved taking their children to the park.
- ✓ They both believed they were raising their children in the best way possible.

They were very much alike—these two women.

But there was a difference.

One had a daughter reading at two grades higher than her schoolmates.

The other had a daughter reading at two grades lower than her schoolmates.

What made the difference?

Have you ever wondered how some children can read at an advanced level while other children fall behind?

It isn't native intelligence.

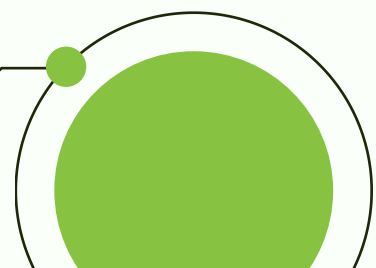

It isn't because one child wants to succeed, and the other doesn't.

The difference lies in how strong a vocabulary your child has when he or she enters school.

This is why I am writing to you today about [name redacted]

[name redacted] is an easy-to-use and intuitive mobile application that measures your child's reading

Email marketing

MANAGINGSEO

ability.

It's easy to use.

After the app evaluates your child's reading level, your child will receive recommended learning lessons automatically.

This app has transformed the lives of hundreds of children by infusing confidence in reading and learning.

How?

Children who use the [name redacted] app learn to read at a higher level because it's fun and effortless.

This higher reading level makes their confidence level in all areas of learning go through the roof!

You probably have a few fun apps on your mobile device already.

However, do you know how well your child is doing when it comes to reading and vocabulary?

[name redacted] will easily make that assessment for you!

This way, you won't have to guess. It's all right there!

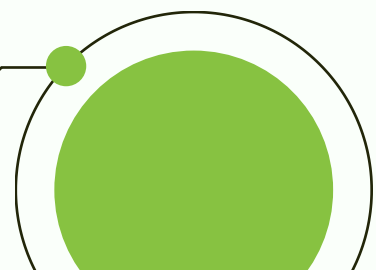

The best part is that [name redacted] encourages parents to take part in the learning process.

Parents will get feedback on how their child is doing.

The best way to learn about the [name redacted] app is to evaluate it for yourself.

Follow the links below to get your child started on effortless reading and learning.

Subject:

Don't waste time on this

Body:

Hi Kathy,

Don't waste time on this.

In the first three years of your child's development, your child is creating millions of new neural (brain) connections.

This happens every single second of his or her life.

That's amazing!

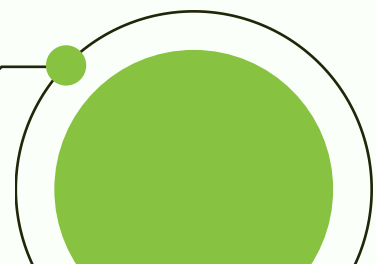

However, this only happens in those first few years. Once your child gets older, that magic moment passes.

Sure, there is still learning going on.

However, the real magic happens during those first three years.

Email marketing

MANAGINGSEO

This is when the most natural learning takes place. The kind of learning that means...

- ✓ Less confusion
- ✓ Less frustration
- ✓ More confidence

These first few years are a treasure to your child's learning development.

So, why waste them?

Don't let time be wasted on mobile apps that don't further your child's learning. These time bandits can stall your child's learning development and affect them for years to come.

Why waste time on them?

We asked the same question, so we came up with the right answer.

We developed a mobile app that is both fun and rewarding. This is time worth spending.

We call this mobile app [name redacted].

With [name redacted], children love to spend more time learning versus wasting time on non-learning games and entertainment.

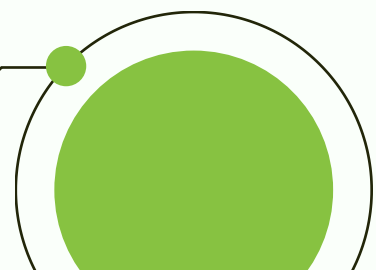

Play is important. Entertainment is important.

However, more time on mobile devices should be spent learning. These are the most crucial learning years. Don't waste them.

Some of our star pupils certainly made the best of their time...

- ✓ Christopher spent a total of 19.5 hours and read 489 books!
- ✓ Vanessa spent a total of 26.5 hours and read 289 books!
- ✓ Jorge spent a total of 14.5 hours and read 353 books!

Email marketing

MANAGINGSEO

Those are just a few of the impressive results we see when children enjoy learning. [name redacted] makes learning enjoyable.

Since our mobile app is so fun and easy to use, children prefer to learn versus wasting those precious years on games that don't advance their knowledge.

To discover more about [name redacted], [click here](#).

To discover more about how you can expand your child's vocabulary, [click here](#).

To discover more about how you can expand your child's reading level, [click here](#).

Happy learning!

John Smith

Business Development/Growth Manager

P.S. Don't let the time bandits get a hold of your child. Use the best of their young years to build a strong learning foundation. Want to know more? [Click here](#).

Overcoming shortcomings is now easier than ever

Body:

Hi Kathy,

Can you imagine a world where your child can overcome obstacles and frustrations with ease?

Can you imagine a world where your child would simply gravitate toward learning something new and challenging versus seeking passive entertainment?

We asked the same questions.

Therefore, we came up with the right answer.

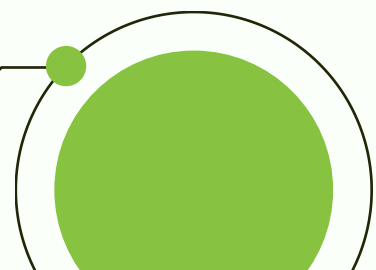

Have you ever wondered why some children are more advanced in their reading and vocabulary than others?

- It's not something a child is born with.
- It's not who their parents are.
- It's not who they associate with.

Yes, all of those could play a small role in your child's learning and development. However, even if your child didn't have the best advantages, it doesn't mean they can't overcome them.

That's why we came up with an interactive learning tool that allows your child to overcome any shortcomings he or she may have.

Email marketing

MANAGINGSEO

This learning tool has allowed many children to advance their reading and vocabulary far beyond their peers and schoolmates.

This interactive tool (or mobile app) is called [name redacted].

This mobile app helps your child find the right path to advanced learning.

The app is easy to use, and children are attracted to it like a magnet.

Since the app is so fun and easy to use, children will prefer to learn, read, and be challenged. These challenges allow your child to overcome any limitations easily.

Now is the time to give them a head start. Click here or below to give your child the best way to advance his or her learning.
